Registration Form

A hand-drawn sketch of a mobile registration form interface on a grid background. The interface is contained within a rounded rectangle representing a phone screen. At the top, there is a small rectangular notch. Below the notch, the form is enclosed in a rectangular frame. Inside this frame, at the top left, is a square box containing an 'X'. To its right, within the same frame, is the text 'N of L'. Below these, the text 'Reg form' is centered. Underneath 'Reg form' are three stacked rectangular input fields. To the right of these fields is a large vertical double-headed arrow. At the bottom right of the form area is a rectangular button labeled 'Submit'. Below the main form frame, there is a horizontal row of five small square boxes. At the very bottom of the phone screen, outside the form frame, are three icons: a circle, a horizontal bar, and two small circles.
